SILESIAN ISSUE TO ALLIED COUNCIL

Briand Agrees to Lloyd George's Request For Early Meeting

SESSION AT BOULOGNE

London Observier Bitter in its Attack Upon French Policy—Germany Sends Note

London, May 16.—The British Government has asked the French for an immediate conference of the Supreme Council to take up the Upper Silesian question, and Premier Briand has agreed to have the meeting toward the end of this week, probably at Boulogne, according to Observer's "diplomatic correspondent," who, it is understood, is usually Editor Garvin himself.

This action on the part of the two leading Allied countries, it is stated, is the immediate outcome of Mr. Lloyd George's outspoken speech on Upper Silesia. Continuing, the correspondent in an evident officially inspired article, says:

"At last the British Government has shown its hand. During the recent London Conference Mr. Lloyd George attempted to raise the question of Upper Silesia, but M. Briand was adamant in his refusal to discuss it, and the Prime Minister yielded in the interests of Entente solidarity. At the same time that M. Briand was refusing, French officers in Upper Silesia were organizing the Polish forces for occupation of the disputed territory.

"The British succeeded in staving off the immediate catastrophe contemplated by the French in the West; it was not possible to save the world the catastrophe which the Polish proteges of France were contemplating in the east. The scissors tactics of the Franco-Polish diplomacy regarding Germany has reached a pitch where no British Government can any longer keep silent.

"The dangers that, in the opinion of the British Government would have resulted from an Anglo-French break are now less formidable than the actual mischief already created by the French determination to ruin Germany, both in the east and the west, at all costs. The Upper Silesian outburst is merely an phase of the di and British policies."

Although the article concludes by branding Poland, "with its catholicity of appetite," as "worse than Prussia," it also warns the Germans to fulfill their obligations. Not until this is done or at least until the world is convinced it will be done, can actual peace be had in Europe, the correspondent says.

Paris, May 16.—The German Government has transmitted a not to Premier Briand, in which it is declared that the uprising in Upper Silesia followed information printed in the Upper Silesian newspaper which is the official ogan of Adelbert Korfanty and not information printed in German newspapers.

The note maintains that the stories printed in the German newspapers were in no way misleading. It adds that there has been no amelioration in the situation in Upper Silesia and that Korfanty is still extending his operations.

Premier Briand this morning received Prince Eugene Sapieha, the Polish Foreign Minister.

French newspapers today assail Prime Minister Lloyd George's speech on the Upper Silesian situation and uphold Premier Briand's statements made in his interview with foreign corresppondents here Saturday.

Former Premier Clemenceau's news paper, L'Homme Libre, says:

"Mr. Lloyd George's cynicism passes all measure. It is an invitation for France to massacre the Poles for the greater glory and profit of Germany."

The words of Mr. Lloyd George are described by the Eclair as "brutality against France, and intended to encourage German troops immediately to cross the frontier.

Pioneers Organize

Thirteen Boys of First Baptist On Roster

The "Eagle" Troop of Pioneers, No. 5 was organized at the First Baptist Church yesterday afternoon with A. D. Mansfield as leader. The boys of the troop are all members of the First Baptist Sunday School and that school will be sponsor of the new troop.

The number of the new troop is five because another troop anticipated it by a few days at the Trinity M. E. Church. This troop, however, is still completing its organization and has not yet chosen a name. This will be done in the next few days.

The new troop is starting out with the lucky thirteen enrolled and the youngsters are as bright a bunch as has yet enlisted under the "Pioneer" banner. The meeting night of the Eagles will probably fall on Friday, thus making practically every week night a pioneer night.

The new leader, Dowell Mansfield, has had a great deal of valuable experience that will be much useful in his management of his troop. He had several years experience in the Alexandria High School Cadets, where he learned drill regulations perfectly. He was also a member of the Boy Scouts for several years and knows the plans upon which the Pioneers are builded.

QUEER ACTIONS CAUSE HIS ARREST

Wm. Dabney Taken After After Five Hours' Wait

HAD A SHOT GUN

Worried Over Death of Son in France —Only Recently Received News of Affair From War Department.

William Dabney, fifty-two years old, who lives in Arlington county, about a mile west of this city, Saturday afternoon armed himself with a shotgun at his home and his actions caused word to be sent to the Arlington county authorities to take him in custody. Sheriff A. C. Clements sent Jailor Z. O. Kines and Deputy Sheriff G. F. Marcey to the place and they were later joined by Constable A. H. Richards.

Effots on the part of the county officials to induce Dabney to leave his home proved unsuccessful and finally he came on the front poch and they began to parley with him. It is stated by the sheriff, however, that this proved unsuccessful as he would not permit them to come closer than twenty feet of him.

The officials simply played around for him and finally abou 6 o'clock Sheriff Clements said that Dabney started from his home armed with a shotgun to walk toward Alexandria. The officers were in an automobile and soon overtook him without trouble and conveyed Dabney to the county jail on Fort Myer Heights where he is being held for observation. According to reports Dabney recently suffered from extreme nervousness as the result of the death of a son in France who was serving in the army. He received this news from the War Department and as a result also suffered from insomnia. Dabney has been employed for several years past as car inspector at the Potomac yards and has a wife and several children.

WOMAN KILLED IN IRISH AMBUSH

Victim is Daughter of Sir Charles Barrington

MANY OUTBREAKS

Series of Attacks in London Blamed on Sinn Fein Sympathizers—Battle Around Barracks

Belfast, May 16.—Miss Barrington, only daughter of Sir Charles Barrington, of Glenstal Castle, County Limerick, and head of the Masonic order in North Munster, and Police Inspector Biggs were shot dead from ambush, Saturday night by civilians while motoring from Killoscully to Newport County Tipperary.

The father of the dead woman is a former High Sheriff of County Limerick.

Nine policemen, two soldiers and a number of other persons were killed Saturday and yesterday in attacks and counter attacks at various places. Numerous persons were wounded.

For general and organized violence Saturday and today probably were the worst since shootings on a large scale were inaugurated in January, 1919

All the casualties except one occurred in the area covered by the Southern Parliament. The exception was at Dromore, Tyrone, where a Sinn Feiner was shot dead.

Miss Barrington was traveling with two other women and Inspector Major Biggs and a military officer when she was killed. The military officer was wounded.

Constable Bridges was shot dead and two other constables were wounded while purchasing groceries Saturday at Drumcollagher. A party of police going to their relief was fired upon and two of the policemen were slightly wounded.

Fierce fighting followed an attack on the Bandon police barracks. The military and police swept the streets with obliged toETAOINMIO-wif.8E with machine-gun fire and the people were obliged to throw themselves upon the ground for safety.

All the roads south and west of Cork have been trenched at many points. The belief prevails that rebels intend to carry out a general attack on military and police barracks.

One hundred civilians attacked the Clonakilty barracks with rifles and machine guns Satuday afternoon. The attack was repulsed.

Two gunners of the Royal Marine Artillery stationed at East Ferry, near Middleton County Cork, were shot dead Saturday night. This was the first attack that has been made on naval forces. At Castletown and Berehaven, County Cork, today, two soldiers were shot and killed by armed civilians.

Saturday night was a night of terror in Cork following the bombing of the police barracks at Blackpool. The home of Liam Roisite, Sinn Fein member of the British Parliament, was raided. Mr. Roisite was absent at the time, but a priest, Father O'Callaghan, who was staying in thte house was shot and later died from his wounds. Patrick Sheehan a Republican, who was newly married was shot through the heart while in his bedroom.

After the shooting Sergt. Coleman Middleton and four policemen while going for a priest were fired upon. Two constables were killed and another was wounded.

The Path of Gold. In going ahead with their plans to appropriate $4,500,000,000 this year and to incur a Treasury deficit of $1,500,000,000, the Republicans of the Sixty Seventh Congress are paving the way to their destruction with gold.

No wonder Senator Borah broke loose last Friday in the Senate and held their contemplated budget up to scorn. It is unbelievable after all we heard in the late campaign about the extravagence and waste of a Democratic Administration, that the appropriations for the first year of the Harding Administration should be more than they were in 1920.

The Republicans may crawl into the League of Nations by the back door or the side window or the cellar trap door or they may stay out of it. They may raise the tariff up and down as fast as a disgruntled spinster playing with a window shade. They may let the railroads continue to flounder under the hopeless Esch-Cummins law or they may let them flounder under some new law just as hopeless. They may humanize the Postoffice service by firing every Democrat they can discover or they may abrogate the whole civil service law. They may do all these things and more, but, let it be shouted from the housetops and told in the streets of Gath that if they spend $4,500,000,000 of the peoples money in the year of Our Lord 1921, they will not be in a position to spend one darn cent of it after the first Congressional election to which the people can get to the polls.

Too Late. When the great Cunard liner, 'Aquitania' was held up in port at Southampton, England, last week, by striking seamen, a great avalanche of lords and ladies volunteered to take places in the crew in order to get the boat off to New York. Sir this and Sir that, an earl's brother or two, a sister to a duchess and others in or upon the fringe of royalty suddenly under the stress of circumstance became real men and women.

What a pity it is that there are so many parasites in the world and that it takes strikes and stresses and piquant strains to get them to do some real work and become human beings again. Perhaps if the lords and ladies who finally came down to soiling their hands on the Aquitania had done a little more work in the world, they would have better learned to appreciate the dignity of labor and there would never have been the strike which tied up their ship. They were willing to work but willing too late.

And when the trip is done, may we not hope that the intolerance and arrogance which characterizes the attitude of many of these parasites towards working people will have given way to a different sort of notion.

SPORTS

"VISITORS SLAUGHTERED".

In two slugging exhibitions of base ball, the Dreadnaughts sent three opponents back to the National Mecca beaten lots.

On Saturday the "D's" with Alexander twirling, defeated the Bliss Electrical School of Washington, by the score 23 to 3. Jim fanned 13 and allowed three hits. Dreifus occupying the mound Sunday in the game with the Quincy A. C., of the same city, also handed them a bad defeat killing 13 at the plate and allowing but 2 hits, the score being 18 to 0. Both games were prominently featured with good tossing by local twirlers and prospects are poor for visiting teams to get away with any glory batting this season. On the other hand the locals seem to have more than their share of ability with the bat for in the two games against pitchers of note they made 49 clean hits and were at all times superior to the visitors in every respect.

Heitmuller was unable to receive in Sunday's game on account of injury, and Snead was missing from the lineup, due to reasons unknown, but both are expected to be on hand in future games, as they are considered quite valuable to the team and are admired by many fans.

"Pop" Giles looked odd at first but mastered the job in fashion creditable too an old time ir the position. Hayden, too, has real ball left in him for he received well until the sixth when he was relieved by Ludlow, the sandlot Ace.

The management of the Dreadnaughtes is resorting to every means to furnish first class games and all team who has played and will be booked for game, are the best the vicinity affords. The local team is one with slugging ability and before defeat is to be registered agaisnt them, a hero of the mound has got to be found.

The Alexandria Torpedo Station baseball team was defeated Saturday afternoon at Fort Myer, Va., by the score of 7 to 5. The batteries were, A. T. S., Desbrow and Johnson; for Ft. Myer, McClair and Powers. The feature hitting of the game for the local boys was done by Walters who landed at three base hit in the seventh. Desbrow did well in the box as this game brings the second game of ball he has pitched for nearly four years.

Old man "Hodge" played the game well, scoring two of the five runs. The local boys will again play the Ft. Myer Saturday, May 21, on North Alfred street diamond at 2:30 p. m. They promise the Ft. Myer team that they will have a hard fight to win this coming Saturday's game. All baseball fans of the city are invited out to see a good clean game of baseball which the Alexandria Torpedo Station baseball always plays.

The "Virginia Midgets" decided at a recent election that they being no longer able to qualify as Midgets, would forwith be known as the "Virginia Greys."

At the meeting a point of order was raised aobut a recent election and it was made necessary that a new election would have to be held. At the election all the chaces that were picked before, with the exception of one, were upheld. Mr. Hall wishes to state that he was accepted, as he was the one who made the point of order. Officers: Nelson Duffey, president; Albert Schoeni vice president; Sterling Hall, treasurer; Carlin Mayson, secretary.

Friday the Triangle S. C. defeated the fast and well trained Mt. Vernon School of Del Ray by a score of 14 to 9. A fair and speedy game was played with Dey and Hefflin twirling for Mt. Vernon and Carl receiving, while Smith and Blunt twirled for the T. S. C. with Lawler and Whitton receiving.

Sunday the well known Commerce Streets were defeated by the Triangle S. C. by 11 to 6. Smith and Blunt worked hard on the mound for the winners being backed up by Lawler and Fletcher. This game is the fourth successive game won by the T. S. C.

If weather conditions permit the T. S. C. will play the Brothers' School team of this city, on Baggett's field at 4:30 p. m., Wednesday.

A good game is expected as both teams are in their prime.

Huge Sun Spots Threaten Cold Weeks to Come

Washington, D. C., May 16.—Huge sun-spots not only caused the paralysis of telegraphic communication throughout the United States Saturday, but may presage cold and unsettled weather for the next few weeks, in the opinion of scientists at the Naval Observatory here.

The largest of the spots on the sun is 94,000 miles long by 21,000 wide, and was plainly visible to the naked eye yesterday.

"There is no doubt," said Dr. George H. Peters, solar expert at the observatory, "that these spots have a strong bearing on, if they do not actually cause, electrical and weather disturbances."

Faithful Dog Finds Lost Boy After Two Days Search

Winchester, Va., May 16.—After about 275 men had searched two days and nights for the 2 year-old son of George Getz, living near North River Mills, Hampshire County, W. Va., who had wandered away from his home, the family dog found the child lying among some leaves in the mountains yesterday. The boy was hungry and thirsty, but suffered no ill effects, although rain had fallen during much of the time he was lost.

GAS FUMES FATAL TO ALLENTOWN MAN

Allentown, Pa., May 16.—Mystery surrounds the death of Howard B. Sweeney, aged 32, chief draftsman of the Pennsylvania Power and Light Company. Early yesterday his wife left for Stroudsburg, and he was to follow in the afternoon, their plan being to spend Sunday there with their parents.

About midnight Mrs. Sweeney telephoned to Allentown saying her husband had not arrived and asking friends to locate him. Since he could not be found anywhere else a policeman an hour or two later forced an entrance into the well-furnished apartment where Mr. and Mrs. Sweeney lived. He was met with an overpowering smell of gas and had to air the rooms before making a search, when he found Mr. Sweeney dead in the bathroom.

A gas stove was turned on and he lay dead on the floor. A rumor of suicide was denied by friends, who believe the affair accidental, especially in the absence of any motive. During the war Sweeney was a lieutenant in the army.

MINISTER'S ADVICE BLESSING TO HER

Mrs. Kelley Thought She Was Beyond Hope—Says Tanlac Restores Her to Splendid Health

"I had long thought that no medicine could do me any good, but Tanlac has done for me in just a little while what I had tried for years to get other medicines to do and my enthusiasm for it is unbounded," was the statement made recently by Mrs. G. M. Kelley, wife of G. M. Kelley, well-known employee of the West Virginia Pulp and Paper Co., residing at 420 Highland St., Covington.

"My stomach pained and worried me all the time for years and everything I ate gave me awful cramps. At times I coldn't retain a bite of food, and even crust of dry bread would nearly throw me into spasms and I had such gagging spells I was afraid I would burst a blood vessel. I was so nervous I couldn't sleep and my forehead, neck and back hurt awfully. Sometimes I couldn't straighten my neck, and my back was drawn so at times I couldn't stand up straight. Finally I got so bad off I just had to quit doing any of my housework and spent most of my time lying down.

"Well, after everything that seemed possible was done for me, the Rev. W. C. Richardson, a Methodist minister, told us he thought Tanlac was what I needed. So I started taking it and while on my first bottle I got so much better that I knew Tanlac was just what I had been needing, and now I'm in such fine health I'm really enjoying life for the first time in years. I have a wonderful appetite, never have a touch of indigestion, and can keep at my housework all day long without sitting down, except at meal time, and still feel good. Tanlac is simply grand."

Get out of the rut! Drive away the billiousness and constipation that are keeping you headachy, sick, miserable or full of cold. Feel splendid always by taking Cascarets occasionally. Never gripe or inconvenience. Children love Cascarets too. 10, 25, 50 cents.

Little of 1920 Apple Crop Remains in Cold Storage

Winchester, Va., May 16.—Less than 7,000 barrels of the 1920 commercial apple crop of Frederick County remain in the cold storage plants here, and it is not expected that more than a few scattering barrels will be left in storage after the last of the week, it was said today.

Most of the apples still in storage here are Newton Pippins, Ben Davis and a few winesaps. Jobbers in New York have been paying around $12 per barrel for Pippins and Ben Davis apples are bringing around $5.50, although some were sold a few days ago in Baltimore at $6.50. Sales of winesaps direct to retailers in Washington were made at $7 and $8, while fancy Newtowns brought around $10 there.

The last report of total shipments from all sections, announced by the Federal Bureau of Markets, showed that, up to May 9, there were 101,798 cars, compared with 85,293 cars to the same date a year ago.

REVEALS SECRET OF SEX CONTROL

Paris, May 16.—Dr. Georges Charmy, who played jokes on salamanders by changing their sex, hopes to be able to pre-determine the sex of unborn children.
According to the physician-scientist it is all a matter of diet. When he has perfected his system, he expects to be able to prescribe for expectant mothers just the kind of food that will result in giving them whatever they want—a boy or a girl.
"We must not let the Germans know the secret, however," he said, with a laugh. "They wouldn't produce anything but males."
Charmy explained that he produced the metamorphosis in his salamanders by alternately starving or overfeeding them.

AURORA BOREALIS CAUSED BY IMMENSE SUN SPOT

Washington, May 16.—The unusually severe aurora borealis of Saturday was caused by an immense sunspot, officials at the Naval Observatory said. The spot which is 94,000 miles long and 21,000 wide, was observed May 10 when it was photographed at the observatory, and it was again photographed today. Officials said, it would be visible to the naked eye tomorrow and could be readily seen through smoked glass. It will not disappear, they added, until the eruption of internal gases, which caused it, has subsided.

The plan originated with the Metropolitan Public Gardens Association, which is seeking to obtain for the purpose four acres of waste land near Hyde Park.
